MEGAVIEW™ PRO 37 MONITOR

37" CRT (35.0" diagonal viewable image)

Introducing the MegaView line of large screen monitors from Mitsubishi Electronics.

Mitsubishi was first to offer large screen monitors. And today still has a broader line than anyone else, including 29" to 50" (27.0" to 50.0" diagonal viewable image) MegaView models. Each capable of making your next presentation truly memorable.

Mitsubishi auto-scanning, large screen monitors were developed for multi-person viewing of video, data and graphics, along with dynamic stereo audio. Create spectacular multimedia presentations combining virtually all video and computer sources available today. With Mitsubishi MegaView monitors, you'll get clearer, sharper images – even in high ambient light.

The MegaView Pro 37 color display monitor with its 37" (35.0" diagonal viewable image) flat-square CRT is ideally suited for all high resolution applications. It features state-of-the-art technology and multi-source compatibility, assuring you of unparalleled performance and versatility. Plus, the monitor's digital scan mode memory stores up to 15 sets of custom and precalibrated display set-up parameters for fast mode switching.
